Objective: Find best ways to implement the Fish Gov 2 Project, & take stock of the progress and remaining first-year activities based on approved revised work plan and budget

Progress Implementation

Review the progress of implementation of the first-year activities

Implementation Mechanism

Draw the implementation mechanism from the implementing partners of the project

Communication & Visibility

Exchange on communication and visibility mechanism to be put in place

M&E Result Framework

Reflect on the modalities for implementing the M&E/Result Framework

Agenda

presentations, amendments and concurrent discussions focusing on each of the **four areas**, which highlighted the strengths, challenges and opportunities to be taken in the course of implementing Fish Gov 2 Project.

The overview and implementation progress of 2021 activities

- Centres of Excellence & Ongoing Activities - AU-IBAR
- Upcoming Media WorkshoP - AUDA-NEPAD

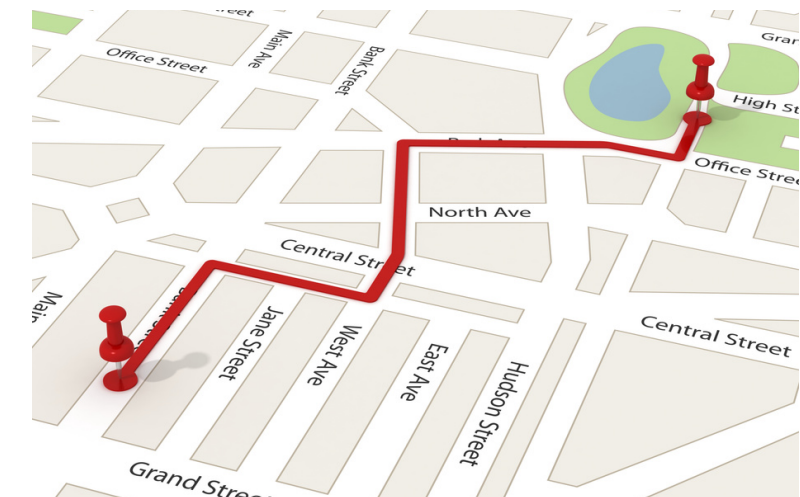

The communication and visibility plan of Fish Gov 2 Project

- Presented and some suggestions to improve implementation

The M&E/Result Framework of Fish Gov 2 Project

- Presented & amendments made

The implementation mechanisms and way forward

- Recommendations on improving coordination & synergies

Outcomes

Coordination between the three institutions through adopting effective and efficient coordination mechanisms

Consensus on Framework Contract

COOPERATION BETWEEN AU-IBAR & AUDI-NEPAD

Implement own activities in 2021; & take forward to 2022

Lessons Learned

Lessons learned to better inform collaboration

Recommendations

1. Accelerate Implementation of Activities

2. Technical/ Financial Adhoc requests from partners/ member states to be handled on case-by-case basis

3. Strengthen coordination between AU-IBAR & AUDI-NEPAD through utilisation of communication tools

4. Finalisation of M&E Framework & ensure utilisation of African Fisheries Report as reference document on continent

5. Share Communication & Visibility Strategy for input

Recommendations

6. Review branding; and engage community managers for social media

7. Share calendar of events to improve on collaboration

8. Implementation plan for media engagement and utilisation of online dissemination - webinar series; press release

9. Develop a Proposal to establish an African Fisheries Day

10. Strengthen Knowledge Management through actionable research outputs & dissemination
